

Stool or side table

DUO

BY Hugo Silva & Joana Santos

REF. 25 duo i

REF. 26 duo b

REF. 27 duo t

REF. 28 duo x

REF. 29 duo z

Materials

Composite dark cork and composite light cork.

Finishings

Cork finished with colourless aqueous coating with properties of water repellency, oil, stains and dirt as well as high resistance to UV and aging.

Custom

Arranged with the client.

Description

With a strong geometric character, DUO is a fantastic dialogue between light and dark cork. Its main characteristics are the visual and tactile qualities of the surfaces which makes the seat warm and pleasant. DUO exists in 5 versions. Each one rise from its two-dimensional pattern of tile becoming into a three-dimensional volume and ending in a circular shape. So, you can alternate between two functions: a square table or a circular stool. Together, they create a game of shapes according to the place from where they are observed.

MATERIALS

COMPOSITE CORK

It has high performance in thermal and acoustic insulation. It is impermeable to liquids and fire retardant. It is a vegetable, biodegradable and recycled material. It is finished with colourless aqueous coating with properties of water repellency, oil, and stains and high resistance to UV and aging, keeping the natural touch and breathability of cork.

Dark Cork

Light Cork

NOTES

Other finishing options are possible, on a case-by-case basis.
Samples of finishings are only representative and not an exact match of colour and tonality.
