

Coffee table

# MAGMA

BY Hugo Silva & Joana Santos

REF. 48 *small low*

REF. 49 *small tall*

REF. 50 *wide low*

REF. 51 *wide tall*

## Materials

100% natural agglomerated black cork and Portuguese marble ('Pele de tigre') or Portuguese limestone ('Aplina').

## Finishings

Cork finished with colourless aqueous coating with properties of water repellency, oil, and stains and high resistance to UV and aging.

## Custom

Arranged with the client.

## Description

With a unique beauty, the MAGMA coffee table refers to the molten and semi-molten mineral substances found under the Earth's crust. Composed of a semi-sphere of agglomerated dark cork that evokes the earth's crust, MAGMA features a highly polished stone top with intense and expressive veins. This surface portrays a peculiar narrative about the beauty of our planet, dynamic yet deeply fragile, highlighting what is important to care for and preserve - Nature. The coffee table is available in two sizes that combine with the option of a turned wooden beam base that elevates the semi-sphere, in an ode to our planet. Combine the different versions of MAGMA and boost conscious attitudes, creating more sustainable spaces!

## MATERIALS

---

### AGGLOMERATED CORK

High performance in thermal and acoustic insulation. Resistant to abrasion and impact. Fire retardant. It is finished with colourless aqueous coating with properties of water repellency, stains and high resistance to UV.

Dark Cork  
Colourless

### MARBLE - 'PELE DE TIGRE'

Calcareous white marble with a fine to medium granoblastic texture and with dark greyish veins. Origin: Évora, Portugal. Compression breaking load: 1020 kg/cm<sup>2</sup>. Impact test: minimum fall H60 cm. Abrasion test: 3 mm.

B  
Natural

### LIMESTONE - 'ALPININA'

Fine grained beige limestone, with stylolites and thin calcitic and ferruginous veins, tectonized and fairly recrystallized. Origin: Leiria, Portugal. Compression breaking load: 1150 kg/cm<sup>2</sup>. Impact test: minimum fall H45 cm. Abrasion test: 1,9 mm.

A  
Natural

## NOTES

Other finishing options are possible, on a case-by-case basis.  
Samples of finishings are only representative and not an exact match of colour and tonality.
